ISLAMABAD, 16 April, 2009 (Balochistan Times) -- World Population Foundation (WPF See Windows Presentation Foundation. ) will launch an advocacy campaign titled Saving the Soul Bearers for raising awareness Raising awareness is a common phrase advocacy groups use to justify a particular event, brochure or even the entire organization. Raising awareness refers to alerting the general public that a certain issue exists and should be approached the way the group desires. among people on safe motherhood. The campaign will be launched in the first week of May at the provincial level that will culminateculminate, in astronomy, the maximum height in the sky reached by a celestial body on a given day. At the culminate the body is crossing the observer's celestial meridian and is said to be in upper transit.

World Population Foundation (WPF), Pakistan has decided to re-launch its safe motherhood campaign encouraged by the response accorded to this campaign to extend its outreach across the country. WPFs Safe Motherhood campaign will then serve as an effective means not only to create widespread awareness among the masses but will also help build the needed momentum to bring the issue at the top of the agenda at the policy level. Besides its headquarters in the Netherlands, World Population Foundation is celebrating Mothers Night in 10 different countries across the globe this year.

(THROUGH ASIAAsia (ā`zhə), the world's largest continent, 17,139,000 sq mi (44,390,000 sq km), with about 3.3 billion people, nearly three fifths of the world's total population.
